Title	{ Semantic Assistants: SOA for Text Mining }
Publication Type	Conference Paper
Year of Publication	2009
Refereed Designation	Refereed
Authors	Witte, R. [5], and N. Papadakis [6]
Conference Name	CASCON 2009 Technical Showcase
Date Published	November 2–9
Conference Location	Markham, Ontario, Canada
Type of Work	Poster
Abstract	With the rapidly growing amount of information available, employees spend an ever-increasing proportion of their time searching for the right information. Information overload has become a serious threat to productivity. We address this challenge with a service-oriented architecture that integrates semantic natural language processing services into desktop applications.
Notes	Poster at the CASCON 2009 Technical Showcase, "Smart Interactions" theme
