Title	A Self-Learning Context-Aware Lemmatizer for German
Publication Type	Conference Paper
Year of Publication	2005
Refereed Designation	Refereed
Authors	Perera, P. [5], and R. Witte [6]
Conference Name	Proceedings of Human Language Technology Conference and Conference on Empirical Methods in Natural Language Processing (HLT/EMNLP 2005)
Pagination	636–643
Date Published	October 6–8
Publisher	Association for Computational Linguistics (ACL)
Conference Location	Vancouver, British Columbia, Canada
Abstract	Accurate lemmatization of German nouns mandates the use of a lexicon. Comprehensive lexicons, however, are expensive to build and maintain. We present a self-learning lemmatizer capable of automatically creating a full-form lexicon by processing German documents.
