Semantics for the Masses

```
Papers will be reviewed by the Program Committee members according to
their originality, technical merit and clarity of presentation.
Each accepted paper will be allocated a maximum of 12 pages in the
proceedings. All accepted papers for which one of the authors will
have registered and present at the conference will be published in the
conference proceedings as Lecture Notes in Artificial Intelligence by
Springer.  The papers will have to be formatted accordingly.  An award
will be given for the best paper of the conference.  Another prize will
be given for the best paper of which the main author is a
student.  Papers submitted to AI'2011 must not have been accepted for
publication elsewhere or be under review for another conference.

Submissions

Authors are invited to submit electronically, by January 10th, 2011,
full papers in PDF, Postscript or MS-Word RTF. All papers must be
written in English. Papers of up to 12 pages in length must be
formatted according to Springer LNCS style. The use of the LaTeX2e
style file available from Springer is strongly encouraged.
