

New Jenkins Server for Semantic Assistants Project

- [Semantic Assistants](#)

We now have a public [Jenkins server](#) (formerly known as Hudson) available for our [Semantic Assistants](#) project that supports the [SourceForge](#) code repository.

In the spirit of [continuous integration](#), every check-in to the [Subversion repository](#) is built automatically and additionally checked with [various tools](#). The latest build is archived and available for [browsing](#) and [download](#).

Except where otherwise noted, all original content on this site is copyright by its author and licensed under a [Creative Commons Attribution-Share Alike 2.5 Canada License](#).
