### **Call for Papers (Extended Deadline)**

The STAKE 2011 Program Committee invites submission of papers for the [3rd Semantic Technology and Knowledge Engineering Conference \(STAKE\)](#). The purpose of the conference is to promote scientific interchange among practitioners of applied Semantic Technology and Knowledge Engineering. The conference is hosted by MIMOS BERHAD and Universiti Tenaga Nasional (UNITEN) and will be co-located with the 3rd Malaysian Joint Conference on Artificial Intelligence (MJCAI2011) at Kuala Lumpur, Malaysia.

Original and previously unpublished submissions are invited on all aspects of applied Semantic Technology and Knowledge Engineering, but not limited to:

Ambient Intelligence	Information Integration	Information Integration
Information Integration	Information Extraction	Peer-to-Peer Systems
eGovernment	Digital Libraries	Semantic Web for Life Sciences
ciences		
ASocial Sciences	Knowledge representation	Context modeling and management
Decision support systems	Ontology engineering	Semantic web
Ontology sharing and reuse	Knowledge reengineering	Intelligent problem solving
Human-machine cooperation	Intelligent multi-agent systems	Domain analysis and modeling
Mobile access to knowledge systems	Cognitive Systems	Reasoning about action/change
change		
Multimedia Data Management	Service-Oriented Computing	eScience
Grid Computing	eCommerce	Bioinformatics
Sensor Web	eHealth	Satisfiability
Mobile Computing	Knowledge acquisition	Reflection and metadata
a approaches		
Expert systems	Networked ontologies	Process knowledge
and semantic services		

Ontology matching and alignment   AI programming   Natural language processing  
e-Business and interoperability issues   Applications and case-studies   Meta-modeling  
and any other application area of Semantic Technologies and Knowledge Engineering.

## Submission Guidelines

Papers are to be submitted electronically online in MS-Word format and are limited to 6-8 pages in length including all figures, references, etc. Papers must be formatted following Springer's Communications in Computer and Information Science style ISSN: 1865- 0929.. Overlong or incorrectly formatted papers are subject to rejection without review.

### Review Process

All submissions will be subject to blind review by three program committee members Notification of acceptance or rejection will be via email and will be as per the IMPORTANT Dates. Papers will be accepted as either full written papers with an oral presentation or as short papers with a poster presentation. Authors of accepted papers are expected to register and present their work at the conference (note that failure to present a full-written paper may result in disqualification from submission to future STAKE conferences).

## Multiple Submission Policy

Papers submitted to this conference must not have been accepted for publication elsewhere or be under review for another conference (with the exception of specialized workshops). Papers found not to meet these requirements are subject to rejection without review.

### Publication

Full and short papers accepted for presentation at STAKE 2011 will be published as conference proceedings. To cover publication costs at least one author for each accepted paper must register. Authors with multiple papers to pay additional paper registration fee as per the REGISTRATION details.
