Information overload? There's a solution for that

March 5, 2013 What we do > Research

Concordia University researchers are pioneering computer solutions that make reading, understanding and writing faster and more accurate. [Read more...](#)

Our research on [Natural Language Processing \(NLP\) for wiki systems](#) has been [featured in Concordia University's NOW newsletter](#). Explaining the technology and its applications to a general audience, it quickly become one of the most read and shared articles of the week.
