Timezone: Pacific/Honolulu

ESWC 2009: CALL FOR POSTERS

6th European Semantic Web Conference (ESWC 2009)

31 May - 4 June 2009, Heraklion, Greece

www.eswc2009.org

<http://www.eswc2009.org/calls/posters>

The poster track of ESWC2009 will provide an opportunity for presenting late-breaking results, ongoing research projects, and speculative or innovative work in progress. Posters are intended to provide authors and participants with the ability to connect with each other and to engage in discussions about the work. Technical posters, reports on semantic systems, descriptions of completed work, and work in progress are equally welcome.

Authors must submit a 2-page paper (PDF, Springer LNCS style) with a short abstract for evaluation. The paper must clearly demonstrate relevance to the Semantic Web and the topics of interest of ESWC2009. Submissions will be evaluated by a separate Program Committee. Decisions about acceptance will be based on relevance to the Semantic Web area, originality, potential significance, topicality and clarity. Papers that exceed the given page length or do not follow the LNCS guidelines risk being rejected without a review.

Papers submitted to the research track will NOT automatically be considered for the poster track. A separate poster submission must be made. For example, a poster can be provided for an accepted paper or can be used to present work that was insufficiently mature for the research track.

Important Dates

- Submission (Posters): March 23, 2009 (11:59 pm Hawaii time)

- Notification (Posters): April 20, 2009

ESWC 2009 Posters Deadline

Published on semanticsoftware.info (<https://www.semanticsoftware.info>)

- Camera Ready (Posters): May 11, 2009

Submission

Submission and reviewing of posters will be electronic via the ESWC2009
