Start: 2014-05-06
End: 2014-05-09
Timezone: America/Montreal

The 27th Canadian Conference on Artificial Intelligence will take place in Montréal, Québec, May 6-9, 2014. AI 2014 will include a technical program consisting of presentations of research papers and invited speakers describing the state-of-the-art in artificial intelligence. One day of workshops and a Graduate Student Symposium will precede the main conference. AI 2014 invites papers that present original work in all areas of Artificial Intelligence, either theoretical or applied. All accepted papers will be published by Springer in the Lecture Notes in Artificial Intelligence series.

AI 2014 is part of the 2014 AI/GI/CRV Conference, a confederation of three leading conferences: Artificial Intelligence 2014, Graph Interface 2014, and Computer and Robot Vision 2014. A single registration will let you attend any session in the three conferences, which will be scheduled in parallel tracks.
