SAVE-SD 2015 Submission

Semantics, Analytics, Visualisation: Enhancing Scholarly Data

Workshop co-located with the 24th International World Wide Web Conference

May 19, 2015 - Florence, Italy

URL: http://cs.unibo.it/save-sd/2015/submission.html

Submission deadline

January 24, 2015 (23:59 Hawaii Standard Time)

Acceptance notification

February 22, 2015

Camera ready deadline

March 8, 2015

Proceedings and Special Issue

The proceedings of SAVE-SD will be collected in the Companion volume of the WWW 2015 conference, which will be published by ACM in its digital library. The WWW 2015 organisers will require at least one registration per paper published in the Companion volume. At the time of submission of the final camera-ready copy, authors will have to indicate the already registered person for that publication.

In addition, the authors of the best papers of the workshop will be invited to submit an extended version of their work to a special issue that will be published as part of the Journal of Documentation, one of the longest established academic journals in library and information science (2013 Impact Factor: 1.035; indexed in several citation services, among which Elsevier's Scopus and Thomson Reuters' Journal Citation Reports).

Except where otherwise noted, all original content on this site is copyright by its author and licensed under a <u>Creative Commons</u> Attribution-Share Alike 2.5 Canada License.
