The 33rd Canadian Conference on Artificial Intelligence will take place in Ottawa, Ontario, 12 May to 15 May, 2020.

The event is collocated with the Computer and Robot Vision conferences. These events (AI-CRV 2020) will bring together hundreds of leaders in research, industry, and government, as well as Canada's most accomplished students. They showcase Canada's ingenuity, innovation and leadership in intelligent systems and advanced information and communications technology. A single registration lets you attend any session in the two conferences, which are scheduled in parallel tracks.
