The European Language Resources Association is happy to invite you to participate in the 12th Edition of its Language Resources and Evaluation Conference.

The Conference, Workshops and Tutorials will be held at the Palais du Pharo during the week of 11 to 16 May 2020.

Main Conference: 13-14-15 May 2020
Workshops and Tutorials: 11-12-16 May 2020

Since the first LREC held in Granada in 1998, LREC has become the major event on Language Resources (LRs) and Evaluation for Language Technologies (LT). The aim of LREC is to provide an overview of the state-of-the-art, explore new R&D directions and emerging trends, exchange information regarding LRs and their applications, evaluation methodologies and tools, ongoing and planned activities, industrial uses and needs, requirements coming from the e-society, both with respect to policy issues and to technological and organisational ones.

LREC provides a unique forum for researchers, industrials and funding agencies from across a wide spectrum of areas to discuss problems and opportunities, find new synergies and promote initiatives for international cooperation, in support to investigations in language sciences, progress and innovation in language technologies and development of corresponding products, services and applications, and standards.
