The International Conference on Software Engineering Research, Management and Applications (SERA2010) brings together researchers, practitioners, and advanced graduate students to exchange and share their experiences, new ideas, and research results and research-in-progress about all aspects (theory, applications and tools) of Software Engineering Research, Management and Applications, and discuss the practical challenges encountered and the solutions adopted. The conference will cover a broad set of research topics such as:

New theoretical foundations in Software Engineering Modeling	Service Oriented Computing
Business Process & Enterprise Integration Engineering	Mobile/Wireless Computing
Communication Systems and Networks	Requirements Modeling and Management
Computer Game Development, User Modeling and Management	Process Management & Improvement
Cost Modeling and Analysis	Reengineering, Reverse Engineering
Data Mining and Knowledge Recovery	Autonomic Computing
Distributed Intelligent Systems	Requirements Engineering
Formal Methods and Tools	Safety and Security Criticism

tical Software

Healthcare Engineering

Software Agent Tech

nology

Human Computer Interaction

Web Engineering, Web-Base

d Applications

Parallel and Distributed Computing Telecommunications

Virtual Reality and Comp

uter Graphics

IMPORTANT DEADLINES

Extended submission deadline: February 1, 2010

Extended acceptance notification: March 1, 2010

Extended camera ready papers & registration: March 15, 2010
